ABOUT ME

UX/UI Designer with a background in education and digital content creation. Experienced in user research, wireframing, prototyping, responsive design, and design systems. I combine empathy, creativity, and attention to detail to create intuitive, user-centered experiences.

EXPERIENCE

UX/UI Designer | Independent Projects| Sep 2026 – Present

- Completed 3 UX/UI projects from concept to high-fidelity design.
- Created user flows, wireframes, UI designs, and interactive prototypes.
- Designed intuitive navigation and reusable interface components.
- Improved designs through feedback and iterative testing.

PORTFOLIO

1. FoodStory: Food Delivery Mobile App

Mobile food delivery app focused on restaurant discovery, meal selection, and ordering. UX research, user flows, wireframing, prototyping, and interface design.

2. WorkHub: Workspace Booking Platform

Responsive workspace booking platform with a simple booking flow and consistent experience across desktop and mobile.

3. Luma Visuals: Interior Visualizer Portfolio Website

Responsive portfolio website with a minimal editorial interface, intuitive navigation, and mobile adaptation.
